ABOUT ME

Architectural Designer | Architectural Representation | Revit | 3D Modelling | Visualisation | Technical Drawing | Graphic Design | Mapping

EDUCATION AND TRAINING

Bachelor's Degree in Architecture and Urbanism

University of Caxias do Sul [01/08/2019 – 14/12/2025]

City: Caxias do Sul | **Country:** Brazil | **Level in EQF:** EQF level 6 | **Thesis:** Award Winning Project - Honorable Mention, IAB RS Award 2025 (José Albino Volkmer Prize) - Cultural Comunitary Center - Palmas, TO, Brazil, 2025

Architectural design, urban analysis, and project development combining spatial planning, technical drawing, and digital tools. Focus on construction systems, environmental strategies, and the social, cultural, and economic context of architecture.

Technical Degree in Business Administration

CETEC UCS – Technological Center of the University of Caxias do Sul [01/03/2017 – 30/08/2019]

City: Caxias do Sul | **Country:** Brazil | **Level in EQF:** EQF level 4

Business administration fundamentals covering planning, finance, marketing, HR, and business law. Includes economics, office technologies, and professional practice focused on management, communication, and decision-making.

WORK EXPERIENCE

NEXT – Cork, Ireland

Team Member

[05/2026 – Current]

- Responsible for stock management, replenishment, product organisation, and supporting daily store operations.

Self Employed

Interior Design Architect

[01/2026 – Current]

- Independently developed two complete interior design projects: a residential dwelling and a corporate law office, covering all design stages from concept to final presentation.
- Produced spatial layouts, circulation studies, and functional zoning strategies to optimize usability, comfort, and spatial efficiency.
- Developed detailed interior specifications, including furniture design/selection, material palettes, finishes, and construction detailing.
- Created 3D models, photorealistic renderings, and presentation boards to communicate design intent and support client approval.
- Ensured integration of aesthetic and functional requirements.

Nadia Soldatelli Architecture and Engineering – São Marcos, RS, Brazil

Architectural Technologist

[04/2023 – 04/2026]

- Assisted in all phases of residential, commercial, and industrial architectural projects under supervision of licensed architects.
- Developed architectural plans, technical drawings, sections, elevations, and detailed construction documentation.
- Created 3D volumetric models, photorealistic renderings, and virtual walkthroughs for client presentations and approvals.
- Managed project documentation and submissions to local authorities for construction permits and regularization processes.
- Reviewed project budgets, material specifications, and construction plans to ensure compliance with client requirements and legal regulations.
- Coordinated revisions, updates, and adaptations of architectural projects according to feedback from clients, contractors, and regulatory bodies.
- Collaborated with multidisciplinary teams to translate conceptual designs into fully detailed architectural solutions.

 **ESSE Arquitetura e Interiores (Architecture and Interior Design Studio)** – Caxias do Sul, RS, Brazil

Architecture Intern

[01/04/2021 – 31/03/2023]

- Developed 3D volumetric models and photorealistic renderings to support design presentations and client approvals.
- Produced technical drawings, including plans, sections, elevations, and detailed construction documentation.
- Assisted in interior and spatial design, translating concepts into functional layouts and design solutions.
- Collaborated with multidisciplinary teams to refine architectural concepts, optimize space planning, and ensure design coherence.
- Prepared detailed construction documentation, including specifications, material schedules, and dimensioning for regulatory approvals.
- Reviewed project revisions and supported project management tasks, ensuring compliance with client requirements and local building regulations.

 **Dall Agnol Comercio de Extintores (Fire Extinguisher Supply Company)** – Caxias do Sul, RS, Brazil

Architecture Intern - Fire Safety

[01/11/2020 – 31/03/2021]

- Developed fire protection plans and technical drawings in compliance with local regulations.
- Produced PPCI drawings, including emergency exits, fire equipment, hydrants, and evacuation routes.
- Collaborated with engineering teams on fire safety integration and project documentation.
- Prepared and updated drawings and documentation for regulatory approval.
- Supported site inspections and coordination with contractors.

SKILLS

architectural design / Architectural Drafting / technical drawings / Construction Drawings / building information modelling / 3D modelling / work independently / think analytically / solve problems / Pay attention to details

LANGUAGE SKILLS

Mother tongue(s): Portuguese

Other language(s):

English

LISTENING C1 READING C1 WRITING C1

SPOKEN PRODUCTION C1 SPOKEN INTERACTION C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

HONOURS AND AWARDS

[2025] IAB RS Award 2025 (José Albino Volkmer Prize)

Cultural Comunitary Center - Palmas, TO, Brazil My project was selected for its strong integration of urban analysis, social relevance, and architectural resolution. It addresses a vulnerable and neglected area in Palmas, proposing a transformative intervention that promotes urban regeneration, community integration, and improved access to culture and education, while also responding to local climatic conditions through passive design strategies inspired by Passive House principles.

SKILLS

Softwares

- Revit — Intermediate
- Navisworks — Basic
- AutoCAD — Proficient
- Archicad — Basic
- SketchUp — Proficient
- V-Ray — Advanced
- Lumion — Advanced
- Enscape — Intermediate
- QGIS — Intermediate
- PCalc — Basic
- Adobe Photoshop — Advanced
- Adobe Illustrator — Proficient
- InDesign — Basic
- Datacad — Advanced
